■ Service Delivery Management (ITIL V4)	■ Client Transition & Onboarding (50+ deals)	■ Automation Programme Leadership
■ AIOps & GenAI PoC Delivery	■ Stakeholder & Account Management	■ Team Leadership — onshore + offshore
■ Presales & Business Development	■ Risk Assessment & Mitigation	■ Scrum / Agile Delivery

PROFESSIONAL EXPERIENCE

CAPGEMINI TECHNOLOGY SERVICES — France (Onsite)

Progressive roles across a global luxury goods manufacturer and French automation practice | Jan 2023 – Present

Phase 4 — Transversal Delivery Lead, a Global Luxury Goods Manufacturer

Oct 2025 – Present

- Cross-functional leadership role spanning automation delivery and network operations (from Jan 2026) — 5 onshore + 4 offshore resources across all technology towers.
- Driving Service Improvement Plans and strategic initiatives directly assigned by senior management, with no single-technology constraint.

Phase 3 — Automation Tools Lead, Cognitive & Robotics (C&R;) Practice

Oct 2023 – Sep 2025

- Acted as SPOC between 9 enterprise client accounts and Capgemini's French and Indian automation delivery teams — qualifying, routing, and progressing automation use cases end-to-end.
- Dual role as TIO Business Partner: drove AIOps deployment and GenAI proof-of-concept programmes across multiple accounts.
- Recognised by Capgemini CIS Infrastructure Services CEO for contributions to the France automation practice.
- Participated in presales engagements for Air France and CCF Bank — contributing to solution design and client-facing presentations.

Phase 2 — Application Domain Manager & Automation Lead, a Global Luxury Goods Manufacturer

Jan 2023 – Sep 2023

- Relocated to France; took ownership of ADM role covering two India-based delivery teams: OPCON (batch scheduling) and Middleware — ensuring SLA adherence from day one.
- Maintained parallel automation leadership responsibilities alongside ADM duties.

CAPGEMINI TECHNOLOGY SERVICES — India

Progressive roles across delivery, automation and onboarding | Jun 2017 – Jan 2023 | Mumbai (2017–2018) · Pune (2018–2023)

Phase 4 — Automation Lead, a Global Luxury Goods Manufacturer

Jan 2021 – Jan 2023

- Solely responsible for automation leadership on the a global luxury goods manufacturer — identifying use cases, managing automation delivery, and handling transversal issues across the account.

Phase 3 — Delivery Team Lead, a Global Luxury Goods Manufacturer

Jul 2020 – Jan 2021

- Led a team of 18 resources across Windows, Linux, Citrix, MSSQL, Oracle, and SharePoint platform towers.
- From Jan 2021, took on additional responsibility as Automation Lead while continuing team lead duties until a replacement was onboarded mid-2021.

Phase 2 — Regional Automation Lead, South Europe

Sep 2018 – Jun 2020

- Worked across South Europe delivery accounts — reviewing tickets, identifying automation use cases, and coordinating with the dedicated automation team to ensure use cases were properly scoped and delivered.
- Frequently had to build the case for automation where teams were resistant, convincing stakeholders that a process qualified as a viable use case.

Phase 1 — Onboarding Manager

Jun 2017 – Aug 2018

- Onboarded 50+ clients onto Capgemini's Tools and Automation platform — defining transition plans, timelines, risk assessments, and methodologies across banking, aviation, cruise/shipping, railway, chemical, and fashion industries, with individual deal values up to USD 149M.

Solution Lead

Tech Mahindra Ltd. | Pune

Sep 2014 – Mar 2017

- Led end-to-end resolution of a critical HP SIM platform issue — delivered a fully compliant environment from assessment to sign-off, managing scope, timelines, risk, and daily client communication.
- Worked across HP SiteScope, HP NNMI, OMW, Asset Manager, and MS SCOM.

Technical Solution Consultant

Hewlett Packard Enterprise | Bengaluru

Nov 2011 – Aug 2014

- Delivered HP SIM technical support including remote infrastructure builds from scratch; collaborated with Tower Head and R&D; on recurring platform issues.
- Awarded Certificate of Excellence for two consecutive quarters (H2 2013).

Earlier Roles — Data Centre & Field Operations

Operation Engineer · Renovision (2010–2011) | Technical Engineer · Wipro Infotech (2008–2010) | FMS Engineer · PCS Technology (2007–2008)

- Managed 30+ enterprise clients at Bharti Airtel Data Centre; server/network hardware support and IBM AIX (P-series) administration.
