PROFESSIONAL SUMMARY

Results-driven IT Delivery and Transformation Leader with 19+ years managing complex, multi-country service delivery programmes across enterprise environments. Proven track record in leading cross-geography teams (onshore France + offshore India), managing senior client relationships, driving automation and AIOps adoption, and delivering measurable service improvements. Currently based in France, leading a cross-domain delivery programme for a major European enterprise client. Actively building applied AI skills through personal projects — including an EU AI Act Risk Self-Assessment tool (live) and a multi-modal mood detection system (text, audio, and video in progress) — with the goal of leading AI-aware delivery programmes. Open to senior Delivery Management, Transformation Lead, and Programme Management roles across Europe.

PROFESSIONAL EXPERIENCE

CAPGEMINI TECHNOLOGY SERVICES — France (Onsite) *Jan 2023 – Present*

Transversal Delivery Lead *Oct 2025 – Present*

Expanded cross-domain mandate combining automation delivery and firewall operations management — leading 12 functional resources across onshore France and offshore India.

- Lead 8 onshore and 4 offshore resources across firewall operations and automation delivery tracks
- Scoping the integration of Red Hat Ansible Automation Platform (AAP) with ServiceNow to enable automated Windows and Linux execution use cases
- Delivered SQL query automation on the account; scoping auto-ticketing and alert fine-tuning on the ServiceNav monitoring platform
- Led a task force that reduced the firewall team's ticket backlog by ~74% within 7 weeks, resolving underlying dependencies, access gaps, and onboarding blockers
- Driving Service Improvement Plans (SIPs) assigned directly by senior account management

Automation Tools Lead — Cognitive & Robotics (C&R) Practice *Oct 2023 – Sep 2025*

- Single point of contact between 9 enterprise client accounts and Capgemini's French and Indian automation delivery teams — qualifying, routing, and progressing use cases end-to-end
- France region TIO Business Partner — coordinated Capgemini's global AIOps initiative, engaging delivery leads across 10 French accounts
- Coordinated a GenAI proof-of-concept for LVMH — delivered a structured assessment enabling client leadership to make an evidence-based strategic decision on document intelligence adoption
- Contributed to presales engagements for Air France and CCF Bank, supporting solution design and client-facing presentations

Application Domain Manager & Automation Lead *Jan 2023 – Sep 2023*

- Relocated to France and took immediate ownership of the ADM role covering two India-based delivery teams (OPCON batch scheduling and Middleware), maintaining SLA compliance from day one
- Maintained parallel automation leadership responsibilities throughout the transition period

CAPGEMINI TECHNOLOGY SERVICES — India *Jun 2017 – Jan 2023 | Mumbai (2017–18) · Pune (2018–23)*

Automation Lead *Jan 2021 – Jan 2023*

- Owned end-to-end automation leadership on a major luxury goods client account — identifying use cases, managing delivery, and coordinating transversal issues
- Drove an automation portfolio including 72 network use cases (F5 reboot and upgrade), Linux disk auto-heal, and automated file-system mounting

Delivery Team Lead *Jul 2020 – Jan 2021*

- Led a team of 18 direct reports across Windows, Linux, Citrix, MSSQL, Oracle, and SharePoint platform towers
- Transitioned into the Automation Lead role from Jan 2021; team lead handover completed by mid-2021

Regional Automation Lead — South Europe *Sep 2018 – Jun 2020*

- Reviewed tickets and identified automation use cases across South Europe delivery accounts; coordinated with the automation team to scope and deliver each case end-to-end
- Led change management across resistant delivery teams — built the business case for automation, secured stakeholder buy-in, and drove use cases through to live delivery

Onboarding Manager *Jun 2017 – Aug 2018*

- Onboarded 50+ enterprise clients onto Capgemini's Tools and Automation platform across banking, aviation, cruise/shipping, railway, chemical, and fashion industries
- Managed engagements with individual deal values up to USD 149M — defining transition plans, timelines, fit-gap analyses, RAID assessments, and onboarding methodologies

TECH MAHINDRA LTD. | Solution Lead | Pune *Sep 2014 – Mar 2017*

- Led end-to-end resolution of a critical HP SIM platform issue — from initial assessment to client sign-off, managing scope, timelines, RAID, and daily client communication
- Supported monitoring and ITSM tooling across the engagement: HP SiteScope, HP NNMi, OMW, Asset Manager, and MS SCOM

HEWLETT PACKARD ENTERPRISE | Technical Solution Consultant | Bengaluru *Nov 2011 – Aug 2014*

- Delivered HP SIM technical support including remote infrastructure builds from scratch; collaborated with Tower Head and R&D teams on recurring platform issues
- Awarded Certificate of Excellence for two consecutive quarters (H2 2013)

EARLIER ROLES — Data Centre & Field Operations *2007 – 2011*

Operation Engineer · Renovision Automation Services (2010–11) | Technical Engineer · Wipro Infotech (2008–10) | FMS Engineer · PCS Technology (2007–08)

- Managed 30+ enterprise clients at Bharti Airtel Data Centre; delivered server and network hardware support and IBM AIX (P-series) administration
