

Amit Sah

Delivery & Transformation Manager | Automation Leadership | AI-Enabled Operations

amitmesah@gmail.com · +33 745 38 30 80 · France (onsite) · linkedin.com/in/amitmesah

PROFESSIONAL SUMMARY

Senior IT delivery and transformation leader with 19+ years of experience across service delivery, automation, client onboarding, and operational transformation. Managed 50+ enterprise transition deals with individual values up to USD 149M across banking, aviation, utilities, and transport. Currently based in France, leading multi-account automation programmes and AI-enabled operations initiatives for Capgemini's European practice. Recognised at CEO level for driving strategic delivery across the France region. Open to senior opportunities in Delivery, Transformation, and AI-Enabled Operations within international organisations operating in Europe.

CORE COMPETENCIES

■ Service Delivery Management (ITIL V4)	■ Client Transition & Onboarding (50+ deals)	■ Automation Programme Leadership
■ AIOps & GenAI PoC Delivery	■ Stakeholder & Account Management	■ Team Leadership — onshore + offshore
■ Presales & Business Development	■ Risk Assessment & Mitigation	■ Scrum / Agile Delivery

PROFESSIONAL EXPERIENCE

CAPGEMINI TECHNOLOGY SERVICES — France (Onsite, Jan 2023 – Present)

Transversal Delivery Lead — Hermes Account

Automation · Network Operations · Strategic Initiatives

Oct 2025 – Present

- Cross-functional leadership role spanning automation delivery and network operations (5 onshore + 4 offshore resources), with no single-technology constraint.
- Driving Service Improvement Plans (SIP) and strategic initiatives directly assigned by senior management across the account.
- Serving as transversal point of contact across technology towers, ensuring operational continuity and coordinated delivery.

Automation Tools Lead — Cognitive & Robotics (C&R;) Practice

France Automation Practice · 8–9 Enterprise Accounts

Nov 2023 – Sep 2025

- Acted as SPOC between 8–9 enterprise client accounts and Capgemini's French and Indian automation delivery teams — qualifying, routing, and progressing automation use cases end-to-end.
- Dual role as TIO Business Partner: drove Capgemini group-level AIOps deployment and GenAI proof-of-concept programmes across the France region.
- Recognised by Capgemini senior leadership at France region level for contributions to the automation practice.

Application Domain Manager & Automation Lead — Hermes Account

ADM: OPCON Batch Scheduling + Middleware · Automation Lead

Jan 2023 – Oct 2023

- Managed two India-based delivery teams (OPCON batch scheduling + Middleware) for the Hermes account, ensuring SLA adherence from day one of France onsite assignment.
- Maintained parallel automation leadership responsibilities while navigating a complex internal stakeholder environment with professionalism.

CAPGEMINI TECHNOLOGY SERVICES — India

Automation Lead — Service Delivery, Onboarding & South Europe Automation

Automation · Service Delivery · Client Onboarding

Jun 2017 – Jan 2023 | Pune

- Spearheaded 50+ client onboarding and transition deals — individual values up to USD 149M — across banking, aviation, cruise/shipping, railway, chemical, and fashion industries.
- Led South Europe automation programmes: defined strategy and roadmap, ran stakeholder workshops, applied AI/ML-based analysis on ticket and effort data, and industrialised automation to deliver productivity savings.
- Managed multi-geography delivery teams, maintained SLA compliance across sub-service lines, and identified upselling opportunities leading to new business wins.
- Contributed to presales engagements for Air France and CCF Bank, including solution design and client-facing presentations.

Solution Lead

Tech Mahindra Ltd. | Pune

Sep 2014 – Mar 2017

- Led end-to-end resolution of a critical HP SIM platform issue — delivered a fully compliant environment from assessment to sign-off, managing scope, timelines, risk, and daily client communication.
- Worked across HP SiteScope, HP NNMI, OMW, Asset Manager, and MS SCOM toolsets.

Technical Solution Consultant

Hewlett Packard Enterprise | Bengaluru

Nov 2011 – Aug 2014

- Delivered high-volume HP SIM technical support (~20 calls/day), including remote infrastructure builds; collaborated with Tower Head and R&D; on recurring platform issues.
- Awarded Certificate of Excellence for two consecutive quarters (H2 2013).

Earlier Roles — Data Centre & Field Operations

Operation Engineer · Renovision (2010–2011) | Technical Engineer · Wipro Infotech (2008–2010) | FMS Engineer · PCS Technology (2007–2008)

- Managed 30+ enterprise clients at Bharti Airtel Data Centre; delivered server/network hardware support and IBM AIX (P-series) administration.
